

# Fair Value Assessment Outcome

6<sup>th</sup> December 2023

#### Carrier name

The FCA Product Intervention and Product
Governance Sourcebook requires product
manufacturers to share information about their
products with their distributors. The aim is to ensure all
products sold provide fair value and good customer
outcomes. In order to do so a product assessment is
undertaken. Following the assessment a Target Market
Statement and a Fair Value Assessment Outcomes is
produced. Both documents provide insight into who the
product is designed for, who the product is not suitable
for, main heads of cover and how it should be
distributed.
